Physical and Drug Screening Policy

Federal regulations require truck driving programs in public schools to participate in DOT physical and drug screening. The statute requires that all persons driving a commercial vehicle, whether licensed/permit or employed/student, must pass a DOT physical and drug screen and be subjected to random drug screening and alcohol testing during their training or employment.

Under this regulation, all applicants to Chemeketa Community College Commercial Truck Driving program will be required to pass a DOT physical (required prior to obtaining your Commercial Learners Permit) and drug screen within 15 days before starting training, and be prepared for random testing during the road-training period.

Applicants will be directed to an approved location upon conditional acceptance.

You will be asked to sign a “Patient Authorization for Release of Confidential Drug Screening and/or Alcohol Testing Information and Records” form. This gives the clinic authorization to release the test results directly to Chemeketa.

Our office will be notified of your results and you can get a copy from Chemeketa’s Commercial Truck Driving program director. Results will be uploaded into CDL Powersuite for compliance with the Training Provider Registry (TPR). We have several qualified offices our area. Do not have the drug screen until you have been approved by the CDL program director and your funding agency (if you have one). Drug screen should be completed within 15 days prior to the start of class.
